City releases November food service health scores

Granbury, Texas – The City of Granbury released the November 2020 Health Scores for a dozen Granbury restaurants and eateries, today. Scores ran the gamut from perfect scores of 100, to scores as low as 79. Each score is based on a point system from 0-100, and each violation has a demerit value; this value is subtracted from 100 to give the inspection score.

The mission of the Health Department is to assist the citizens of Granbury in achieving this state of wellness through public health service and education programs. Inspections are conducted 2-4 times, annually. Each inspection results in a score based on the number of violations found. This month's scores were:

11/2	Bob's off the Square	81
11/2	KC Mart	90
11/2	Quickway	85
11/3	Flame's	85
